What is gambling?

How do you know it is a problem?

How can the community address the issue?

Join us for these community forums to discuss gambling, problem gambling, the impact on our communities, the solutions to problem/at risk gambling, and how different groups in the community work together to address the issue. Representatives on the panel will include a gambling counselor and representatives from the Council on Compulsive Gambling of PA, Sand's Casino, and the Northampton County Drug and Alcohol Department.

Join us for an open discussion of this important topic. Come with your questions and find answers from our panel. Each of these four forums are open to everyone in the community. The panel discussion will begin promptly at 7 PM each night.

Monocacy Counseling Associates is proud to host these forums with a generous grant from Northampton County Drug & Alcohol, and the Pennsylvania Department of Drug and Alcohol Programs.
